groundwork-demo Documentation

Release 0.1.0

team useblocks

December 12, 2016

Contents

Welcome to the documentation of **groundwork-demo**.

Author is **team useblocks**, who can easily be contacted by writing an email to info@useblocks.com.

To start the app, simply open a command line interface and type:

```
groundwork_demo
```

This will give you an overview about available commands.
